Dear Mr. ~~Holt~~, **LESTER**

Bill Barr cares more about being accepted by the corrupt Washington Media and Elite than serving the American people. He was slow, lethargic, and I realized early on that he never had what it takes to make a great Attorney General. When the Radical Left Democrats threatened to hold him in contempt and even worse, to Impeach him, he became virtually worthless to Law and Order and Election Integrity. They broke him just like a trainer breaks a horse.

Despite massive amounts of evidence, with far more produced after his leaving, he refused to go after the fraud and irregularities that had so openly taken place in the 2020 Presidential Election. It was sad to watch! When he stated that there was no fraud in the Election, it was a virtual joke to anyone that knew what had actually gone on, in particular, within in the Swing States.

Enclosed is yesterday's Wisconsin Report talking of widespread corruption. Pennsylvania, Wisconsin, Georgia, Arizona, and many other states are even now studying the disgraceful events that took place. In fact, William McSwain, the United States Attorney for the Eastern District of Pennsylvania, stated that Barr did not allow him to look into the many corrupt things that happened in Philadelphia.

Bill Barr was a big disappointment to me as Attorney General, he was afraid to act, and usually didn't. Even the Mueller investigation, which came out with a finding of NO COLLUSION, should have gone much faster, especially after knowing all of the information that was available and already at their disposal. As everyone now knows, my campaign was SPIED on, and Bill Barr did nothing about it. Comey, McCabe, the Two Lovers, and everyone all the way up and down knew what was happening, but Barr didn't want to "upset the apple cart."

I would imagine that if the book is anything like him, it will be long, slow, and very boring. I made many great appointments during my Administration, and we accomplished more than most Administrations could even dream of, but Bill Barr was not one of my better picks. He crumbled under the pressure, and bowed to the Radical Left—And that is not acceptable. Now he is groveling to the media, hoping to gain acceptance that he doesn't deserve.

On your question regarding the Department of Justice and the President of the United States

As President of the United States, I am the Chief Executive, who is responsible for the Department heads, which includes the Attorney General. When I saw that the Department of Justice was not doing their job, I have every legal right to ask them to do so, in accordance with the law and the Constitution. That has nothing to do with my personal legal interests. ANTIFA, BLM, and so many others have gotten away with, literally, murder, where others have been, in many cases, persecuted. It is now a fact that my campaign was spied on. This is treason that has now been confirmed by John Durham. Barr was unwilling, or unable, to act in a timely fashion on this and other important matters.

With respect to prosecuting political rivals, it was just the opposite. Despite the many crimes committed by the Biden family, I did not push Barr to go after them. While the things done were legendarily corrupt, I thought it would be inappropriate for me to get personally involved.

So far John Durham has found explosive evidence about how unfairly I was treated as President during the 2016 election and, unrelated except for the people doing it, the 2020 election. If people were corrupting the Elections of our Country, yes, I believe that that evidence should have been given to the public prior to the next Election, as opposed to after it. The public should know the facts before voting. As it turned out, they spied in 2016 and if possible, did far worse than that in 2020—they RIGGED the Election. (See Time Magazine cover story) They weren't going to let 2016 happen again—the proof is massive, conclusive, and indisputable.

On your question regarding events of June 2020

Barr's lack of energy, drive, and curiosity led me to say things to him that should have never even been necessary—but he was so lazy and cowardly, he just never quite understood what was going on. He didn't want to stand up to the Radical Left Democrats because he thought the repercussions to him personally, in the form of their threatened impeachment, would be too severe. In other words, Bill Barr was a coward!

The riots were all taking place in Democrat-run and controlled areas. I felt they were the responsibility of the Democrats and I gave those Democrats the opportunity to properly take care of the various situations.

After a period of time, however, I would then bring in the National Guard or military when it was clear that the Democrats weren't able or willing to control the ridiculousness that was taking place. I did get involved in Portland and Minneapolis, and was ready to get involved in Seattle, but when they found out I was sending in troops, the ANTIFA takeover of a portion of the city ended rapidly. The troops were ready to go in.

On your question regarding the statement on the December 1, 2020 meeting

It is incorrect and a total fabrication by Bill Barr. I never said "You must hate Trump," rather, I said "If you didn't see corruption in the Election, of which so much has already been revealed (and massive amounts up until this date), than you are not capable of being Attorney General. You don't have the energy or backbone to stand up to the Radical Left. Please give me your Letter of Resignation."

William McSwain, the U.S. Attorney in Pennsylvania, in the enclosed letter, states that Barr wouldn't let him investigate the Fraudulent Election. He wrote, "On Election Day and afterwards, our Office received various allegations of voter fraud and election irregularities. As part of my responsibilities as U.S. Attorney, I wanted to be transparent with the public and, of course, investigate fully any allegations. Attorney General Barr, however, instructed me not to make any public statements or put out any press releases regarding possible election irregularities. I was also given a directive to pass along serious allegations to the State Attorney General for investigation – the same State Attorney General who had already declared that you could not win."

I believe this is true with other U.S. Attorneys also. Barr was petrified of the Radical Left and what they would do to him. More evidence of fraud just this week is coming out of Wisconsin. The Election was totally corrupt, and we had no one fighting this corruption because Bill Barr did not have the courage to do so.

The man making statements in this fake book, or in the interview with NBC News, is not the same man who asked for the job of Attorney General or wrote his glowing Letter of Resignation.

On your question regarding the events of January 6, 2021

I was President of the United States and was asked to make a speech on January 6. I went to the site, made my speech, and returned to the White House. Most importantly, however, I strongly suggested that 10,000 troops or our National Guard be brought to D.C., the Capitol, and Capitol building three days before January 6. Others in attendance at that meeting estimate the number was between 10,000 – 20,000 troops. The offer was relayed to Nancy Pelosi and the Mayor of D.C. They were not interested in having the troops in Washington because they didn't "like the look." If they had taken my offer, there would have been no "January 6" as we know it. We would have had a minimum of 10,000 troops encircling the Capitol, and nobody would have gotten near it, or them. Additionally, during my speech I made several statements including:

"I know that everyone here will soon be marching over to the Capitol building to peacefully and patriotically make your voices heard today,"

and later I tweeted:

I am asking for everyone at the U.S. Capitol to remain peaceful. No violence! Remember, WE are the Party of Law & Order – respect the Law and our great men and women in Blue. Thank you!

Now the Witch Hunt continues with Shifty Adam Schiff, RINO Liz Cheney, and others on what I call the Unselect Committee. In the long run, the American people will win.

Sincerely,
